

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

An Account of an old Earthen Vessel, lately found near York.

THIS Earthen Vessel describ'd *Fig. 2.* suppos'd by some to be an *Urn*, by others to be a *Flowerpot*, was found lately at the Brickilns without *Bowthant Bar*, near *York*: the Clay of this Vessel is of the Colour of *Hallifax Clay* when burnt; the Potters part is well perform'd; the Face being boss'd from within, with the Finger, when upon the Wheel; and some stroaks of Red paint, about the curls of the Hair, and Ey-brows; and two Red threads about the Neck: on the back-side of the Vessel, a *Leaf* is drawn in Red, which is still very fresh; but no Glazing, neither upon the Clay nor Red colour; the Face upon the Vessel is as large as that of a middlesiz'd Woman: the Vessel it self is preserv'd in the *Musæum Ashmoleanum* at *Oxford*.
